2. Howard Osborn was in to report on the delivery to the Agency yesterday of a package of classified information which had been left, apparently by some Agency employee, in a Drug Fair store and which was eventually turned over by the Drug Fair manager to the Federal Bureau of Investigation. (Howard is investigating this as promptly as possible and will make further reports. General Carter has been advised.)

* Extract of paragraph 1 to D/L on 20 March 1965.
